7 Oak L.A. has started twice after a layoff and won both. Two starts back he could win despite an early mistake and in the last run he won easily in the lead. Good chance. **9 Utter Southwind** has been at least second without a mistake and if he avoids an error he could be in the mix despite this back row draw. **12 Club Nord Pro** has scored two wins in Sweden over the middle distance. He is strong and can do it tough. **2 Such King** could get a nice start here and has good place chance.

11 Mellem Frost had a strong season last year with nine wins. Faces easier opponents than the last time he was in Sweden and came in fourth. Our winner. **4 Tåga Storm** is good for this class but is not reliable at all. Was more consistent in the last run and has to be followed here. **3 Troll Odin** won directly despite a long pause two starts back. He has to be considered early with this nice number. Won over the short distance last year. **6 M.P.Vega** finished well after a mistake with 500 meter to go in the last run and should not be overlooked.

12 Torrent d'Inverne scored his ninth victory of the year last season when he won in the lead in the last run. Tough number but he has earlier shown that he is good from far back too. **1 A Girl Has No Name** scored a good victory on Solvalla three starts back. Interesting debut for the new trainer. **6 Soleil d'Inverne** did not find room after a layoff in the last run and with that race under his belt he is an early choice here. **8 Bosse Bee** has won almost every third start and should not be overlooked here without a mistake.

6 NoLimitJimMit scored a good win two starts back. Never had a real chance in the last tactical race. Is in good form. Our pick. **10 Got to Dash** has ran outside of the leader on one occasion and twice in the lead lately. Will get a run from the back here and has to be followed. **9 Borups Umami** won comfortably in the lead in October and had energy left in the last run after a trip from the back. **8 Double Trouble E.P** is very good every now and then and showed in December that he is on the way up.
