11 Hector Sisu scored three good wins last year, all of them with Mika Forss. Has three runs under his belt now and is on the way up. Our pick. 3 NoLimitJimMit can open fast and is well drawn behind the gate. Could lead this from start to finish. Early contender. 9 M.T.Oberon won three races within one month a short while ago and was second in the last run just closely defeated. He likes to compete during the winter. 6 Got to Dash scored a good second spot two starts back and with a similar effort he should not be overlooked.
