7 Ninja's Kiss won after a very strong effort two starts ago. Not quite the same performance last time, but the number wasn't optimal then either. **10 Barbro Kronos** is a top mare that's on her way up again. She faces quite nice conditions in the race and should be able to beat many opponents. **1 Global Certificate** makes an interesting seasonal debut. She led from the same starting position two starts back and could lead this race for a long time. **4 O'Hara** is a bit difficult to predict after the last gallop. She scored an impressive V75 victory the time before - a potential outsider.

1 Jackpot Sisu is our pick. He has had a promising start to his career and last time he won without being empty, finishing in a 12.5/800m final time. 10 **Giulietta Zet** was supposed to make her seasonal debut last Thursday, but was scratched due to fever. Her form is a bit unclear, but she has the potential to perform well. 9 **Hardox** is making his first start of the year. He wasn't at his best last time, but he made a strong impression when he won before that. 12 **Caabo LeVallo** finished strongly to second two starts ago. He will be a contender in case of fast pace.

7 **Battuta Face** should maybe have won in the lead in his last race, but we still think that his form is improving. He is our pick from a good starting position. 3 **Bakerman** got locked in two starts ago in the seasonal debut, but looked good. Another race under his belt will do his form well. 2 **Rajon** won in his first start after a long pause last time. He led the race and made a positive impression - he should be able to perform well again. 5 **Lovelymere** has had some energy left in her last two starts and is better than her recent results suggest.

2 Donna As faces nice conditions in this short distance race. Last time, she lost around 40 meters due to a starting gallop, but came back well to finish second. She scored two straight wins in the lead before that. 1 Maximize'em is unlikely to be able to defend his inside starting position. He has the capacity to finish well if he can find a way to get out in time. 4 I Am D. made a mistake in the stretch last time and is a bit difficult to predict after that race. Normally, he should be considered early in this field. 8 Madagascar is making his seasonal debut. He has a difficult starting position and may need a race under his belt.

5 Proximity has already made his seasonal debut and performed decently from the inside position. He should logically be sharper this time around and is our pick in this tricky race. 8 Jopp has scored two nice wins in a row. He has got a tricky number, but is a solid contender if things go his way. 12 Ever So Much was consistently solid throughout last year. He has to be followed in his seasonal debut. 15 Love Your Choice seems to be improving in form and has the potential to pass many horses with the right journey.

4 Reshevsky parked outside of the leader about a lap from the finish last time out and was brave. With two races under his belt after a break, he may be ready for a win now. 10 Ready Doc made a mistake in last V75 final. The feeling is that he drops down a level now and he should be considered early on. 5 Winnetou Diamant was held back in the field from the start last time out and finished okay. He's a winner type with nine victories in 33 starts so far. 2 Thai Swagger has a good starting position. He can be a bit fiery every now and then - an outsider.
