RACE 6, V64-1

Auto 2140

2 Never Mind'em qualified in a very convincing way last autumn and also won his debut comfortably. Was defeated on speed in the second is better than what she has shown so far. Was good a bit behind the winner in the last run and on the way up now. 1 Adriana Queen won after a tough journey and has good capacity. Got locked in two starts back and better than the last results show. 8 Gunvald Tartar finished to a nice victory in the season debut. Too tough in the last run.

11 Itso Sisu showed his true potential when winning two starts ago, and when he performs well, he is a horse for bigger tasks than this. Good chance despite this number. **7 Stens Surprise** was improved during the autumn, and put in several strong performances before the end of the year. Early choice directly in this seasonal debut. **3 Önas Rose** won some money last time out in the V75, and with a couple of races after the break, the form should be there. Quick from the start. **10 Kocu Boko** is really good every now and then. The form is a question mark, but should not be overlooked.

RACE 8, V64-5

Volt 3140

2 Bold Knick has been improved a lot and scored many victories. He won easily from the front last time and is likely to lead the race all the way again. **9 Born Unicorn** is a horse we have a lot of respect for and he is used to facing the elite in Sweden. It's his seasonal debut, but expect a strong performance. **5 Ruger** has a great attitude and still has a 50% win rate. He was impressive when winning last time out in his seasonal debut. **6 Hefner Am** has the ability to challenge, but his form is a question mark after a couple of mistakes lately. He's an outsider.
