RACE 6, V64-1

Auto 2140

12 Captain As won three races over the middle distance and with auto-start last year and faces nice conditions here. Is fast enough to finish to victory. 10 Patrick Silvio is not reliable but he won easily when he avoided a mistake on Jägersro in November. In the last run he led throughout in a qualifier and looked nice. 13 Cold Feet has done well in two starts after a long pause and with the right journey he could fight for victory. 1 Arpi Broline was very good when he won despite a mistake in the last run.

RACE 7, V64-3

Auto 2140

12 Omega Superstar faces easier opponents than she is used to and if she avoids a mistake she could finish to victory. She likes this starting method and this middle distance. 5 Timeless Sunset got locked in with energy left in the last V75-race and with this nice number he should be considered early. 3 Lavicii Boko uses to be in the mix when he avoids a mistake and Micael Melander knows the horse well. 4 Bunch of Budgies won a ridden race in November but the three wins before were in sulky races. Debut for a new trainer here.

RACE 8, V64-5

Volt 2140

8 Nycora won in the beginning of May and showed good speed. With a similar effort she is an early contender here. 12 Soccerbox scored three good wins last winter and put in a good effort in the last run after a pause. She can finish fast and has to be considered. 5 Joanna Sisu won directly for the new trainer in the last race on Hagmyren after a long break. She is possible again here. 9 Ektara is not reliable but if she avoids a mistake she should not be overlooked. Typical outsider.
