RACE 1, V4-1 — Auto 2140

9 **Con Crowe** is very nice but makes his first start after a layoff here. If the horse lives up to his capacity he should have top chance. 5 **Marinho Boko** matched the best horses of his year last season and has good skills too. Has galloped lately but could challenge if improved. 8 **Crono Delleselve** was a bit unlucky in the last run but had shown good form before that. Early contender behind the favorite. 4 **Kosy Occagnes** got a bad start and a defensive journey after that two starts back and galloped directly in the last run. The form is a question mark.

RACE 2, V4-2 — Auto 2140

7 **Klondyke River** galloped in the last run but has good capacity for this company. Without a mistake he should have top chance to win this. 6 **Oliver de Bos** scored a very nice victory two starts back and showed good speed in between mistakes after hat. Main challenger here. 11 **Leroy** won two starts back and showed good form. Can finish strongly and will be in the mix in case of quick pace. 9 **Hilding Tif** beat easy opponents in the last run but looked very nice. Possible here behind the favorite.

5 San Sebastian is good for this class and has shown fine form lately. Can open fast and should be hard to beat in the lead. 7 Orkan Bo is gifted and won directly in the lead in the last seasonal debut. Could get a tough journey outside of the leader here but is an early choice anyway. 6 Höwings Zeus has not raced for a while but showed good form before the layoff. Challenger here with a similar effort. 3 Ecate S.L. is also good for this class. Galloped in a nice position in the last run and will get a good journey here. Worth a warning.

8 Lorens Flevo has won the German Derby and has good capacity. Seems on the way up and should have a good chance here. 12 A Good Point galloped in the last run but looked nice in the comeback before that. Tricky number but uses to meet tougher opponents. Could pass all opponents here. 4 Global Action finished very fast in the last run and showed good form. Has got a better number than the main rivals. 5 Micro Vick was strong last year but has not been as good this season. Could be an outsider anyway here.
