3 Global Bookmaker met tough opponents in the V75 two starts back. Won comfortably in the lead in the race after on Eskilstuna finishing 09.5/800 meter. 1 Head Run ended last year with victory in November but has not competed since then. Has to be considered directly here. 2 Merritt never found room at the end in the last V86-race. Faces easier opponents now and has to be followed. 7 Tjacko Zaz did alright after a pause on June 22nd but failed after that on Arvika. The chances are not easy to predict here.

7 Salte Fanden could be the best horse in this race but needs some racing luck with this tricky number and this handicap. Our pick anyway. 6 Gull Blesen faces interesting conditions here. The horse can open fast and this 1640 meter suits her well. Could lead this for a long while. 11 G.G.Svea comes from a start in the V75. She is good every now and then and faces easier opponents this time. 15 Kjölstad Prinsessa resumes from a long spell and for the new and former trainer. Outsider.

2 King of Silver looked very nice when he won in the lead in the last run finishing 12.7/1000 meter. Nice number here since he can open fast. Good chance. 6 Espanol was unlucky behind a tired horse with 500 meter to go in the last run and galloped shortly after. Was not empty at all then. 7 La Vie en rose makes her debut in Sweden and has not started since April. Won a clockwise race in Berlin then but did not trot perfectly.

5 Bagheera Montana won the only race in the lead. Comes from a second spot in that position too and we think the horse will go for the front again here. Not easy to beat then. 1 Gooding B.T.B. met tough opponents in a Breeders' Crown-heat on Rättvik on June 24th. Comes from a 06-opening and had to give away the lead. Early choice here. 2 O.F.V.Fantasy scored two wins in a row this spring but has not convinced after that. Is better than the latest results show. 6 Cutting Corners has earned less money in this race but seems very good for this class.

10 Hawker Typoon is strong and two starts back he showed that he stands three laps. Comes from victory and is our pick. 5 Gamin de Larre is also strong. Is a bit up and down though and not reliable. Main challenger if he is at his best. 13 Mellby Indigo won four out of ten races last year. Likes the long distance and will defeat many opponents during the final lap. 4 Round Cube has not convinced so far this year. Showed last season that he should be considered in this kind of races.

7 Jaguni comes from a heat to Stochampionatet. Got locked in with energy left and should have a good chance with a similar effort. 3 Sansa Star scored a good second spot directly in the last run after a long pause. She should be even better now with that race under her belt. 4 Ninepoints Lady came back well after an early mistake two starts back and was not empty at the end. Did not convince in the last run but normally she is an early choice here. 10 Takemetoheaven is consistent and good. With the right trip from the back she will defeat many opponents here as well.
