3 Chic Bi scored an easy win over the short distance two starts back. She has most wins in this race after six victories. Faces good conditions money-wise too. 5 **Donnafugata Font** got a nice journey in the last run but won comfortably. Was a non-starter in July and should be improved now. 6 **Miss Jibe** opened fast when she won in the lead in the last run and should be considered in this Swedish debut. 4 **Random Tile** has been second in the last three starts without a mistake. Could be in the mix.

10 Stens Rebell was outstanding in the lead and left the rest of the field in the final turn in the debut. Will be very interesting to follow this year and should have a good chance. 1 Parameter is nice and promising too. He won in the lead in the last run and could be hard to beat. 2 Perfectandstrong finished well in the last run but got defeated by the winner who had found room from behind the leader. 3 Maxspirit finished well to third in Halmstad two starts back and finished also fast to victory in May.

9 Capovento Pax was outstanding when he won with the auto-start in June. He handled the circular start well two starts back and won comfortably over the home stretch. Could finish to a new victory here. 10 Loveley Lasse is in better form than the latest results show except for the victory in the last run. He got locked in with energy left two starts back. 15 Lorens Flevo has by far earned most money in this field. Has to pass many opponents here but should not be overlooked. 2 Brain Game was second in the lead in the last run and might reach the front again.
