7 Diamante Geo is an interesting new horse in the Jerry Riordan stable. She has scored many wins in Sweden and should have a good chance if she handles the circular start. 3 Kejsarinnan Sisu got a poor start and had to attack early. Showed good form earlier and is well drawn here. 11 Easy Star has been matched against stronger horses and can do it tough in this company. 13 Lilo Love gave up from outside the leader in the last run but tighter starts now and has good capacity for this race.

4 Booker's is a nice three-year-old who has shown good skills so far. Did well behind the gate in the last run and is an early choice here. 8 Bearnard showed the right attitude from outside the leader in the last run and put in his best performance so far. 7 Slave to Love Cal is starting a lot now and will run without shoes and with a bike this time. Could cause an upset if improved. 9 O.M.Jetstep makes his comeback after a long break. Showed quite good skills last year and will run without front shoes for the first time.

12 Waco Sixx has earlier won in Vaggeryd and showed good form in the last Solvalla race after an inside journey. Our pick despite this number. 7 Classic Saar was very good despite an impossible number in the last race in Färjestad. Quick starter and could reach a nice position despite this number. 6 Reserva was improved without shoes in the last run and finished well on the home stretch. Possible with the right journey. 5 Merlene Boko is a very quick starter and should reach at least the position behind the leader. Early choice in that case.

9 Global Dictator is the best horse in this field but has not convinced lately. This long distance is an advantage. Our pick. 5 Elva Rapid was the stable pleased with before the last run and should get a nice journey with this perfect number. Bike this time. 6 Gasparito has finished well twice in a row and should reach a nice position with this number. 7 Manda Cord comes from a win in an easier race in Kalmar. Tight starts now and has good speed. Could cause an upset.

6 Fönix Vang has one run under his belt after a long break and is ideally drawn here. Good chance to find the lead. 2 Ottens Filosofof has earned a lot of money this summer but faces tougher opponents now. Has two out of two in Vaggeryd. 7 That's it is very speedy with the right journey. Should reach a nice position with this number. 10 Lorenzo Boko has been competing under the saddle twice in a row without succeeding. Uses to meet tough opponents but prefers to run in front.

2 Henry Palema has got a nice number compared to the main rivals. Could lead this for a long while. 9 **Giovanna Coger** comes from a good win in the lead and has been consistent and good this season. This number in the second line is tricky though since she is a typical front runner. 6 **Bull Lock** likes this number in the first line. Prefers this short distance and could lead this at quick pace just like when he won on Åby on June 29th. 4 **Ermar di Gio** looks promising but has not convinced in the last two starts.
