3 Fat Rabbit has scored the latest three wins over the long distance and owns good strength. He won twice in the lead last year and should have a good chance to find the lead with just a few horses in the first circle. 5 Borups Tornado is better than the latest results show. Ulf Ohlsson knows the horse well and won four times with him last year. Early choice. 11 Dozen of Oysters faces nice conditions money-wise. Has two runs under his belt after a pause and is an early contender here. 8 Cab Frontline faced three handicaps in a big field in the last run but finished well.

3 Sansa Star was brave from outside the leader in the seasonal debut. She finished well to a second spot three starts back and won comfortably in Gävle in the beginning of August. Good chance. 4 Husar Brick was second for Tom Johansson in May and the driver has shown good form with four wins in the latest eight races. 9 Tarpon Springs was good when he won in April and if he is at his best he should not be discounted. 11 B.B.Eight showed good form when he won easily in the last run. Poor number now and might need some racing luck.

4 Jobiline Ridge has done well when avoiding a mistake. He won easily in July and finished well to a second spot in the last run. Magnus A Djuse knows the horse well now. Our pick. 11 Herakles Zet has only started four times but won easily in the last run in a new record and is on the way up. 10 Koros galloped twice in the last run but could win anyway and will be in the mix without a mistake. 1 No Limit has got a three months pause but is well drawn and should not be overlooked.

4 Solkattens Lucas finished well to victory in March and comes from a good second spot. Our pick. 9 Teus is often in the mix and since he starts behind quick horses he could reach a nice position anyway. If he is at his best he is possible in this field. 3 Estrella Diamante was good when he came in first four starts back. Debut for a new trainer here and early choice without a mistake. 1 L.A.Avanza is a quick starter and has got a nice number behind the gate. Should get a nice defensive journey here.

4 Charlotte Gar has not convinced lately but if she is as good as when she scored her wins in Italy earlier this year she is an early contender. 6 Beauvoir scored a good second spot in Tingsryd and got locked in with energy left in the last run. Is good enough to fight for victory here. 5 Global Delight finished fast in the last run. She has scored all wins over the middle distance and should be followed together with Magnus A Djuse. 8 Ballerina Indika was not empty at the end in the last run but will probably get a tough journey with this number.

9 Neon Bank won from outside the leader two starts back and showed both good skills and that he can do it tough. Debut for a new trainer and our pick. 12 Luv You Schermer has won both races after a layoff and done well. Despite this number he should be considered. Is still undefeated for the new trainer. 8 Calvados Bi was unplaced in the last run but got a tough journey too during the final lap. Contender. 6 The Pirate was very good after a mistake in the last run and should be considered despite good opponents.
