4 Olga Tooma scored a good win on Färjestad in August and is very good for this class. Good chance without a mistake. 3 Ninepoints Birdie has scored all six wins over the middle distance and every time she has been in front. Good number and nice conditions. 5 Happy Go Pepper won in a new record in the last run and is consistent and good. 8 Isabelle Sisu is fast enough to be in the mix but needs some racing luck with this number in the second line.

10 Borkvinn S.K. has good speed and has been improved a lot this summer and scored four wins in a row lately. Our pick. 3 Odin O.K. was strong when he won despite a tough journey over the middle distance in May. He came back after a mistake in the last run and should be considered early. 7 Kruson has scored the latest two wins over the long distance and without a mistake he should not be overlooked. 11 Bork Tindra is fast enough to fight for victory but is not used to this long distance which she tests for the second time.

8 Kash Keeper had a number in the second line over the short distance in the last run and finished fast. Long distance now where he has scored the latest wins. Our pick. 14 Turenne is good when he is at his best and from far back he won easily after a nice finish two starts back. 12 Global Attention likes to run in the front where he won earlier this season. He won from behind last year and is good enough to be in the mix. 11 Håna Am is strong and likes the long distance. Should be followed.
